Call for Papers

# Emerging Technologies & Factory Automation

23rd IEEE International Conference  
September 4-7, 2018, Torino, Italy

Sponsors:

## Track Program Committee

Niels Aakvaag, SINTEF Digital, Norway  
Michele Albano, CISTER/ISEP, Portugal  
Eduardo Tovar, CISTER/ISEP, Portugal  
Federico Perez, DISA-EIB-UPV/EHU, Spain  
Henning Trsek, inIT, OWL University, Germany  
Jerker Delsing, LTU, Sweden  
Joaquim Ferreira, UA/IT, Portugal  
Juergen Jasperneite, Fraunhofer IOSB-INA, Germany  
Luis Almeida, FEUP, Portugal  
Manuel Barranco, DMI/UIB, Spain  
Marisol Garcia Vall, Universidad Carlos III de Madrid, Spain  
Gianluca Cena, CNR-IEIIT, Italy  
Manuel Cheminod, CNR-IEIIT, Italy  
Mario Collotta, Kore University of Enna, Italy  
Mohamed Khalguil, Uni. Carthage, Tunisia  
Svetlana Girs, Mälardalen University, Sweden  
Wolfgang Kastner, TU Wien, Austria  
Uwe Meier, OWL University, Germany  
Paulo Pedreiras, UA/IT, Portugal  
Paulo Portugal, FEUP, Portugal  
Ramez Daoud, SEAD Group, American, Univ. in Cairo, Egypt  
Pál Varga, Budapest Uni. of Technology and Economics, Hungary  
Martin Wollschlaeger, TU Dresden, Germany  
Claudio Zunino, CNR-IEIIT, Italy  
Carlos Montez, PGEAS/UFSC, Brazil  
Mikael Gidlund, Mid Sweden University, Sweden  
Gaetano Patti, University of Catania, Italy  
Stefano Vitturi, CNR-IEIIT, Italy  
Andreas Willig, University of Canterbury, New Zealand  
Amund Skavhaug, NTNU, Norway  
Federico Tamarin, CNR-IEIIT, Italy

With the support of:

September 4 - 7, 2018, Torino, Italy

## Call for Papers

### Track 2 - Industrial Communication Technologies and Systems

#### Track co-chairs

**Luis Lino Ferreira, ISEP, Porto, Portugal, llf@isep.ipp.pt**

**Johan Akerberg, ABB, Sweden, johan.akerberg@se.abb.com**

**Focus:** The focus of the Track on Industrial Communication Technologies and Systems is on industrial communication technologies, including modeling, analysis, and synthesis of provably correct systems, as well as characterization of application requirements, implementations, performance evaluation, validation, and case studies. Original contributions in these areas are solicited.

**Topics:** Industrial Ethernet networks. Industrial wireless networks. Fieldbus networks. Factory and process automation networks. Automotive, train, and avionic networks. Home and building automation networks. Power-system automation networks. Smart grids and power-line communications. IP-based and web-based industrial communications. Integration and interoperability of automation networks. Middleware for industrial communications and decentralized control. Software Defined Networks and cognitive radio networks. Wireless instrumentation and wireless sensor networks. Mesh, relay, and multi-hop industrial networks. Wireless coexistence, spectrum-sharing and radio resource management in industrial environments. Information security and functional safety in industrial communications. Industrial Internet of Things (IIoT). Machine-to-machine (M2M) communications. Communication technologies for Industry 4.0. Remote configuration and network management. Real-time communication and precise synchronization. Event-driven and time-triggered communications. Message schedulability analysis. Quality of Service (QoS) and performance indexes.

**Aim:** The ETFA conference brings together experts from industry and academia to disseminate novel ideas and emerging trends, research results and practical achievements in the area of industrial and factory automation. The ultimate goal is fostering the development and adoption of scientific methods, models, and tools for the efficient design and operation of industrial and factory automation systems.

**Submission of Papers:** The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress– limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site <http://iee-etfa2018.com/>.

**Best Paper Award:** Best paper awards in Factory Automation and Emerging Technologies will be presented at the conference banquet dinner.

**Further Information:** Conference website: <http://iee-etfa2018.com/>. ETFA2018 Conference Secretariat: [etfa2018@ieiit.cnr.it](mailto:etfa2018@ieiit.cnr.it)

**Submission of Papers:** The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress– limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site <http://iee-etfa2018.com/>

**Paper Acceptance:** Each accepted paper must be presented at the conference by one of the authors; otherwise the ETFA2018 Organizing Committee reserves the right to exclude a paper from distribution after the conference at IEEE Xplore. The final manuscript must be accompanied by a registration form and a registration fee payment proof. All conference attendees must pay the conference registration fee and their travel expenses.

#### Author's Schedule (NEW!!!):

<b>Regular and special sessions papers</b>		<b>Work-in-progress papers</b>	
Submission deadline:	April 27, 2018	Submission deadline:	June 11, 2018
Acceptance notification:	June 1, 2018	Acceptance notification:	June 25, 2018
Deadline for final manuscripts:	July 6, 2018	Deadline for final manuscripts:	July 6, 2018
