

Emerging Technologies & Factory Automation

23rd IEEE International Conference
September 4-7, 2018, Torino, Italy

Sponsors:

Track Program Committee

- Andrzej Dębowski, Technical University of Lodz, Poland
 Arthur Tay, National University of Singapore, Singapore
 Asier Ibeas, University of Barcelona, Spain
 Axel Busboom, GE Global Research
 Bengt Lennartsson, Chalmers University of Technology, Sweden
 Blaise Conrad, Ecole Polytechnique Universitaire de Lille, France
 Clara M. Ionescu, Ghent University, Belgium
 Carles Pedret, Autonomous University of Barcelona, Spain
 Daniel Rivera, Arizona State University, USA
 Fabrizio Padula, Curtin University, Australia
 Fotis Koulumbis, Halkis Institute of Technology, Greece
 Francisco Vázquez, Universidad de Cordoba, Spain
 Gilberto Reynoso-Meza, Pontificia Universidade Católica do Paraná, Brasil
 Gregorio I. Sainz, Universidad de Valladolid, Spain
 Hector Benitez, National Autonomous University of Mexico
 Jean-Marc Thiriet, University of Grenoble UFJ, France
 Jose Luis Guzman, Universidad de Almeria, Spain
 Juan Jose Gude, Universidad de Deusto, Spain
 Kostas Tsakalis, Arizona State University, USA
 Liuping Wang, RMIT University, Australia
 M. Chidambaram, IIT-Madras, India
 M. Jesus Fuente, Universidad de Valladolid, Spain
 Manuel Beschi, National Research Council, Italy
 Marian Barbu, Dunarea de Jos University of Galati, Romania
 Margret Bauer, University of the Witwatersrand, Johannesburg, South Africa
 Martin Cech, University of West Bohemia, CZ
 Matilde Santos, Universidad Complutense Madrid, Spain
 Orlando Arrieta, Universidad de Costa Rica, Costa Rica
 Petter Falkman, Chalmers University of Technology, Sweden
 Raffaele Carli, Politecnico di Bari, Italy
 Robin De Keyser, Ghent University, Belgium
 Silvio Simani, University of Ferrara, Italy
 Simona Caramihai, University "Politehnica" of Bucharest, Romania
 Takao Sato, University of Hyogo, Japan
 Tao Liu, Dalian University of Technology, China
 Tore Haggglund, Lund University, Sweden
 Toru Yamamoto, Hiroshima University, Japan

With the support of:

September 4 - 7, 2018, Torino, Italy

Call for Papers

Track 5 - Industrial Control

Track co-chairs

Ramon Vilanova, Universitat Autònoma Barcelona, Spain, ramon.vilanova@uab.cat

Antonio Visioli, Univ. of Brescia, Italy, antonio.visioli@unibs.it

Focus: This track focuses on the critical issues in industrial control. Industrial control addresses the use of sensors, metrology, and algorithms to monitor equipment, processes, and products to provide actionable information for maintenance and control. The successful application of industrial control draws from the domain expertise of multiple disciplines that are typically responsible for delivering separate elements of the complete solution, such as IT/factory automation, process technology, control engineering, yield management, safety engineering, etc.

Topics:

- Process Monitoring and Control;
- Equipment Monitoring and Control;
- Supervisory Control;
- Intelligent Control;
- Fault Detection and Management;
- Process Modeling and Optimization;
- Control Performance Assessment;
- Industrial Internet of Things;
- Industrial Control Applications;
- Large-Scale Systems;
- Computer Implementation of Control Systems;
- Co-Design of Control,
- Computing and Communication;
- Co-Design of Diagnosis and Dependability;
- Safety Issues in Industrial Control;
- Environmental Implications of Control Systems.

Aim: The ETFA conference brings together experts from industry and academia to disseminate novel ideas and emerging trends, research results and practical achievements in the area of industrial and factory automation. The ultimate goal is fostering the development and adoption of scientific methods, models, and tools for the efficient design and operation of industrial and factory automation systems.

Submission of Papers: The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress– limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site <http://iee-efat2018.com/>.

Best Paper Award: Best paper awards in Factory Automation and Emerging Technologies will be presented at the conference banquet dinner.

Further Information: Conference website: <http://iee-efat2018.com/>. ETFA2018 Conference Secretariat: efat2018@ieiit.cnr.it

Submission of Papers: The working language of the conference is English. Two types of submissions are solicited. Long Papers – limited to 8 double column pages in a font no smaller than 10-points. Work-in-Progress– limited to 4 double column pages in a font no smaller than 10-points. Manuscripts must be submitted electronically in PDF format, according to the instructions contained in the Conference web site <http://iee-efat2018.com/>

Paper Acceptance: Each accepted paper must be presented at the conference by one of the authors; otherwise the ETFA2018 Organizing Committee reserves the right to exclude a paper from distribution after the conference at IEEE Xplore. The final manuscript must be accompanied by a registration form and a registration fee payment proof. All conference attendees must pay the conference registration fee and their travel expenses.

Author's Schedule (NEW!!!):

Regular and special sessions papers		Work-in-progress papers	
Submission deadline:	April 27, 2018	Submission deadline:	June 11, 2018
Acceptance notification:	June 1, 2018	Acceptance notification:	June 25, 2018
Deadline for final manuscripts:	July 6, 2018	Deadline for final manuscripts:	July 6, 2018
